

# Electrolux 400 Lt Line

## Glass door wine refrigerators

The Electrolux 400 litre non-gastronorm range is produced for the customer who does not need refrigeration products suitable for gastronorm containers. This range is exclusive to Electrolux with regards its dimensions and built quality. The product range comprises of white pre-painted steel models, stainless steel models, glass door models and wine models. All the internal finishes are commercial grade ABS polystyrene. The models detailed on this sheet are 2 black pre-painted wine refrigerators with glass door.

730900

### EASY TO INSTALL

- All models require only 1 phase 220/240V supply. They can therefore be plugged straight into an existing power socket.

### EASY TO CLEAN

- The runners for the shelves are thermoformed and incorporated in the inner structure therefore being easily cleanable.
- The whole interior cell is white thermoformed polystyrene which is impact resistant with rounded corners.
- No joints whatsoever to eliminate dirt traps.

### EASY TO USE

- Designed to operate at ambient temperatures up to 38°C.
- Very quiet operation: noise level less than 55 dB (A).
- Attractive presentation through glass door and lighting.
- Different temperatures for different zones in the cavity in order to storage different kind of wines.

### EASY TO MAINTAIN

- Simple refrigeration system easily accessible from the rear of the units.
- All models in range finished in top quality materials to guarantee durability.

### EASY ON THE ENVIRONMENT

- CFC and HCFC free environmentally friendly: R134a gas in refrigeration circuit. Gas in foam: Cyclopentane.
- Developed and produced in ISO 9001 and ISO 14001 certified factory.
