

Electrolux Baskets

Baskets for cups

The range of Electrolux baskets consists of 25 different models and has been designed to solve the diverse problems involved in the efficient washing of tableware. The internationally accepted dimensions of 500 x 500 mm and the symmetrical shapes of the baskets make them easy to handle and load from any side. The range of cup baskets consists of 2 models, 1 for the vertical positioning of cups and coffee cups and 1 for the angled positioning of cups and coffee cups.

Model 867008

EASY TO MAINTAIN

- Double wall construction in polypropylene for increased strength and flexibility.
- Extremely resistant to both detergents and high temperatures.

EASY TO USE AND CLEAN

- The construction material is water repellent to help deflection of the water during washing.
- It is possible to stack the baskets in order to maximise the management of storage space.
- Smooth surfaces and rounded corners prevent build up of dirt and ensure perfect hygiene.
- The clip together modules and easy-to-fit internal structures mean that the baskets can be quickly prepared for different uses.

EASY ON THE ENVIRONMENT

- 100% recyclable by weight.
